

Unity Customer QA internship position Kaunas

We have an internship opportunity for someone to take part in helping support our thousands of customers who use Unity. You will connect with the customers and the Quality Assurance team to ensure timely, polite and accurate responses are provided to our customers who have submitted bug reports. You will also reproduce and clean the bug reports for further handling by the Unity team. You will help Unity stay one step ahead in ensuring quality, whilst maintaining speed and ability.

Responsibilities

- Work with customers to reproduce their bug reports in-house
- Explore the scope of customer bug reports and provide more detailed advice to developers
- Collaborate with other testers and developers in an agile environment
- You will be collaborating with multiple stakeholders

Requirements

- You must be currently be enrolled in a University course
- You should be confident in communicating with colleagues and customers and have a good level of English
- You should be self-motivated and able to work independently

Bonus Points

- It is a plus if you have experience using Unity

About Unity Technologies

Unity is the creator of the world's most widely-used real-time 3D (RT3D) development platform, providing content creators around the world with the tools they need to build rich, interactive 2D, 3D, VR and AR experiences. In fact, apps made with Unity reach 2.7 billion devices worldwide, and were installed more than 24 billion times in the last 12 months.

The company's 1,000 person development team keeps Unity at the forefront of development by working alongside partners such as Google, Oculus, Autodesk, Microsoft and many more, to ensure optimized support for the latest releases and platforms. Made with Unity experiences reach nearly 3 billion devices worldwide and have been installed more than 34 billion times in the last 12 months. For more information, please visit www.unity.com.
