

# BAFF TALKS: LAW

## BAFF Talks: Law - on-line session with BAFF alumni

### PROGRAM

**18:00** Introduction by BAFF Team

**18:05** **Evert Nõlv**, CEO & Founder of the legal tech company ExtendLaw from Estonia

**Evert Nõlv** is legal tech entrepreneur, behind the company ExtendLaw (more known for its main product xLaw). He has been between in the intersection of law and IT for a while - he has taken courses from both fields, worked in legal technology company Ravel Law (San Francisco) and been IT Advisor of Supreme Court of Estonia.

Thanks to BAFF Professional Internship Program he gained experience in RaveLaw as front-end engineer and got valuable insights which led him founding his own company.

**18:25** **Aurelija Olendraitė**, Head of NGO's development division at the Ministry of Social Affairs of Lithuania

**Aurelija Olendraitė** is a head of NGO's development division at the Ministry of Social Affairs in Lithuania. Prior she has worked at the Ministry of Foreign Affairs and Prime minister's office on projects aimed to create enabling environment for civil society development.

Aurelija holds a master's degree in International and European Union law from Vilnius University. For over 10 years she has been involved in development of NGOs in Europe and thanks to BAFF - The United States. Aurelija believes that strong civil society is a key pillar of democracy. And particularly NGOs play crucial role by providing various opportunities for the people to learn to work together towards common goal.

**18:45 – 19:00** Q &A session
